Dr. Sushil Buriya
Dr. Anoop Kumar
Dr. Kuldeep Kumar Yogi
Dr. Rahul Kumar Vijay
Dr. Richa Jain
Dr. Amrita
Mr. Kanwaljeet Singh

The India-AI Impact Summit 2026, announced by Hon'ble Prime Minister Shri Narendra Modi at the France AI Action Summit, is scheduled to be held on February 16-20, 2026, in New Delhi.

As part of the preparations for the India-AI Impact Summit 2026, the Centre for Artificial Intelligence, Banasthali Vidyapith, is organizing a pre-summit event to contribute to this national and global initiative.

India is standing at a pivotal moment where Artificial Intelligence is redefining industries, governance, entrepreneurship, and everyday life. As the nation accelerates toward a digitally empowered future, women's participation, leadership, and innovation in AI are not just desirable—they are essential.

The **"Women in AI: Shaping Digital India"** is a two-days immersive program designed to equip women with the knowledge, confidence, and practical tools to actively participate in shaping India's AI-driven transformation. Aligned with the vision of AI for Inclusive Growth, this workshop unites technology, policy, entrepreneurship, ethics, and leadership to advance women's participation in the AI ecosystem through Panel Discussions and Interactive Sessions.

This event brings together experts, women professionals, students, entrepreneurs, educators, and community leaders to explore how AI can become a powerful enabler for economic independence, social equity, and national development while ensuring women are creators, decision-makers, and leaders in the AI ecosystem, not just end users.

The program is open to all individuals who aspire to contribute in shaping Digital India through artificial intelligence and innovation are encouraged to participate.

Registration

Participants can directly register by the following link

<https://forms.gle/QTuzkLbdL2MgwuJd7>

Note:

- Open for ALL participants
- No registration fee is applicable.
- Panel Discussions and Interaction with Experts.
- Certificates will be awarded to participants who successfully complete the workshop.
- Seats are limited-register early!
