

MAYUKH'26

Mayukh-Verse: Design the Verse

“Where Every Design Unlocks a New Verse.”

“Step into **Mayukh-Verse**, where creativity meets imagination. Participants will design immersive UI/UX experiences inspired by a hidden theme, blending aesthetics with storytelling.”

ROUNDS

- **Round 1 – Design the Verse:**
Create a UI/UX experience based on an assigned concept. Top designs qualify.
- **Round 2 – Design the Multiverse:**
Finalists design a unified UI/UX experience that brings multiple worlds together.

RULES

- Participation limit – 1-3 members per team.
- Participants must use their own laptops
- Any UI/UX design tool allowed (Figma / Adobe XD / Canva)
- Original designs only
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Multiverse Prompt Quest

“Create. Adapt. Conquer the Multiverse.”

“A creative AI prompt-engineering challenge where storytelling meets adaptability. Participants explore the MayukhVerse through AI-generated narratives, responding to evolving creative cues along the way.”

ROUNDS

- **Round 1 – Prompt Creation**
Build a story using an assigned theme.
- **Round 2 – Adapt & Evolve**
Modify your approach as the narrative shifts.

RULES

- Participation limit – 1-2 members per team.
- Laptop is mandatory
- Any AI text-generation tool allowed
- Original prompts and content only
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

The Spaghetti Code Race

“Untangle the Code. Claim the Victory.”

“A fast-paced coding challenge where teams face unreadable, tangled code. Participants must decode its logic, clean it up, and turn confusion into a working solution - all under pressure.”

ROUNDS

- **Decode & Refactor**

Analyze the given code and transform it into a clean, functional program.

RULES

- Participation limit – 2 members per team.
- System will be provided
- Code must be refactored and functional
- Evaluation based on speed, correctness, and code quality
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Coding Companion

“Think Together. Code Smarter.”

“A collaborative coding challenge that tests communication and problem-solving. One participant interprets the problem while the other codes — success depends on clarity, logic, and teamwork rather than direct instructions.”

ROUNDS

- **Understand & Execute**
Teams solve coding patterns or basic problems through guided collaboration.

RULES

- Participation limit - 2 members per team.
- System will be provided
- Clear communication is key; no direct spoon-feeding
- Solutions must be correct and efficient
- Judges' decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Code Switch

“Read the Code. Finish the Story.”

“Code Switch is a unique team-based coding challenge that tests logic transfer, interpretation, and collaboration. Participants must rely on code itself to understand intent — not the problem statement.”

ROUNDS

- **Round 1 – Code Initiation**
One member begins the solution within a fixed time.
- **Round 2 – Code Continuation**
The second member completes the task by interpreting the existing code.

RULES

- Participation Limit: 2 members per team.
- System will be provided
- No discussion between team members during phases
- Code clarity and correctness matter
- Judges' decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Pixel Play

“Turn a Theme into a Visual Story.”

“Pixel Play is a creative AI-powered challenge where teams transform a given theme into a short visual experience. It blends storytelling, visuals, and sound to test imagination, speed, and creative coordination.”

ROUNDS

- **Create the Experience**

Teams craft a short themed visual using AI tools within the given time.

RULES

- Participation Limit: 3 - 4 members per team.
- One laptop per team
- Any AI-based video, image, or music tool allowed
- Content must be original and theme-focused
- Judges' decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

DSA Contest

“Think Fast. Code Smarter.”

“A competitive problem-solving challenge focused on Data Structures and Algorithms. Participants test their logic, efficiency, and coding skills in a timed environment designed to push analytical thinking.”

ROUNDS

- **Solve & Rank**

Participants attempt algorithmic problems within a fixed time to secure their position on the leaderboard.

RULES

- Participation limit – 1 member per team.
- Participants must bring their own laptops
- Stable internet connection required
- Online coding platform will be used
- Rankings based on correctness and efficiency
- Judges' decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Tech Tambola

“Logic Is Your Lucky Number.”

“Tech Tambola is a lively, brain-teasing twist on the classic tambola game. Participants decode clues rooted in mathematical concepts and race to complete the winning pattern through logic and quick thinking.”

ROUNDS

- **Analyze · Mark · Win**
Solve the clues, mark the answers, and aim for the target pattern.

RULES

- Participation limit – 2 - 3 members per team.
- Pen and paper will be used
- Calculators are not allowed
- Clues will be given by the host
- First team to achieve the target pattern wins
- Judges' decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Karmic Action

“Every Move Has Consequences.”

“Karmic Action is a mathematical problem-solving challenge inspired by the law of cause and effect. Every decision matters — accuracy brings advantages, while mistakes shape the challenges ahead.”

ROUNDS

- **Round 1 – Karmic Action**
Solve a foundational mathematical challenge.
- **Round 2 – Karmic Return**
Face a higher-level problem influenced by your earlier performance.

RULES

- Participation limit – 1 – 2 members per team.
- Pen and paper only
- Calculators are not allowed
- Accuracy and strategy are key
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Tech Chausar

“Luck Begins. Logic Decides.”

“Tech Chausar is a turn-based board game with a smart twist. Players rely on prediction, quick thinking, and technical knowledge to move ahead and race toward victory.”

ROUNDS

- **Round 1: Guess & Move**
Predict, roll, and advance based on the outcome.
- **Round 2: Tech Turn**
A challenge may decide your move.
- **Round 3: Final Dash**
The race intensifies as players close in on the finish.

RULES

- Participation limit – 1 member per team.
- Game setup will be provided (board, dice, pieces)
- Turns are taken one at a time
- Movement depends on gameplay outcomes
- First player to reach the house wins
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Gameforge Adventures

“Code the Game. Play the Idea.”

“Gameforge Adventures invites participants into the Mayukh-Verse to transform ideas “into interactive gameplay. This hands-on challenge blends creativity, logic, and coding to build a playable experience from the ground up.”

ROUNDS

- **Create & Play**
Teams design and develop an original game using a guided platform, then showcase their creation.

RULES

- Participation limit – 2 members per team.
- Hands-on coding challenge
- Game development platform will be provided
- Original concepts only
- Evaluation based on creativity, functionality, and gameplay experience
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Tech – It – Easy

“Not Everything Is as It Seems.”

“Tech–It–Easy is a perception-based tech puzzle challenge that tests how well participants observe, interpret, and decode hidden technical cues across multiple formats.”

ROUNDS

- **Round 1: Visual Check**
Spot what doesn't belong.
- **Round 2: Hidden Decode**
Find and solve embedded clues.
- **Round 3: Sound Logic**
Interpret filtered audio cues.

RULES

- Participation limit – 1 – 3 members per team.
- Hands-on coding challenge
- Game development platform will be provided
- Original concepts only
- Evaluation based on creativity, functionality, and gameplay experience
- Judges' decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Datathon

“Turning Data into Decisions”

“Datathon is a fast-paced analytics challenge where participants estimate, analyze, and solve real-world problems using data-driven thinking and insights. “

ROUNDS

- **Round 1: Guess & Estimate**
Think smart. Approximate wisely.
- **Round 2: Data Dive**
Explore datasets and extract meaningful insights.

RULES

- Participation limit – **3–4 members per team**
- Use analytical tools (Excel / Python / R / Power BI, etc.)
- Problem statements must be **data-backed**
- Clear documentation and presentation required
- Original analysis only
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Hovermania

“Control the Air. Own the Game.”

“Hovermania is a drone simulation challenge that puts precision, control, and focus on the test. Participants navigate virtual flight missions where every move matters.”

ROUNDS

- **Round-1**
Balloon Popping
- **Round – 2**
Target Positioning
- **Round - 3**
Bomb Dropping

RULES

- Participation limit – 1 member per team.
- Systems will be provided
- Accuracy and control determine scoring
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

The Digital Crypt: Cyber-Physical Logic Hunt

“Every Clue Takes You Deeper.”

“The Digital Crypt is a high-energy technical hunt that blends logic, observation, and problem-solving across digital and physical spaces. Participants unravel clues, interpret hidden signals, and race against time to unlock the final challenge.”

ROUNDS

- **Round 1 – Decode**
Crack the first hidden clue.
- **Round 2 – Inspect**
Search where others wouldn't.
- **Round 3 – Hunt**
Follow the trail beyond the screen.
- **Round 4 – Solve**
Break the final logical barrier.

RULES

- Participation limit – 2 members per team.
- Laptops/systems required
- Internet usage permitted
- Progression depends on correct completion of each round
- Judges' decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Think Before You Step

“One Step Can Change Everything.”

“Think Before You Step is a high-energy outdoor quiz challenge where knowledge meets strategy. Every move counts, and one wrong decision can change the game — making timing, confidence, and accuracy equally important.”

ROUNDS

- **Step & Answer**
Participants progress on a game path based on their responses.

RULES

- Participation limit – 1 member per team.
- Event conducted on open ground
- Participants begin from a common starting point
- Movement depends on answer outcomes
- Tie-breakers will be decided on the spot
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Circuit Hunter

“Build Right. Stay Safe.”

“Circuit Hunter is hands-on electronics challenge that tests circuit analysis, logical thinking, and precision. Teams must identify, build, and optimize circuits under pressure to maintain a safe and correct output.”

ROUNDS

- **Round 1 – Decode the Circuit**
Analyze a given circuit and identify what’s missing.
- **Round 2 – Build & Verify**
Implement the circuit and test its output.
- **Round 3 – Logic Under Limits**
Design a logic-based circuit within given constraints.

RULES

- Participation limit – 1 member only
- Components and hardware will be provided
- Accuracy and logic are crucial
- Output behavior determines success
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBPPeMQtB9>

Mind Circuit

“Think in Logic. Build in Simulation.”

“Mind Circuit is a simulation-based electronics challenge where participants design, test, and refine virtual circuits. It focuses on logical thinking, problem-solving, and creative circuit design—without using physical hardware.”

Rounds

- **Round 1: Build**
Create foundational circuits.
- **Round 2: Debug**
Identify and fix circuit flaws.
- **Round 3: Logic Shift**
Modify circuits based on conditions.
- **Round 4: Final Create**
Design an open-ended circuit challenge.

Rules

- Participation limit – 2 – 3 members per team
- One system per team
- Internet access required
- Tinkercad will be used for simulation
- Original designs only
- Judges decision will be final.

CLICK HERE TO REGISTER: <https://forms.gle/eNwWAPWBpEmQdtB9>

Circuit Commodity

“Know the Parts. Master the Circuit.”

“Circuit Commodity is a multi-stage technical challenge that tests knowledge of electronic components, circuit logic, and fundamental electrical laws through analytical and problem-solving tasks.”

ROUNDS: -

- **Round 1: Decode**
Identify and interpret electronic components.
- **Round 2: Link the Logic**
Solve clues to uncover a hidden concept.
- **Round 3: Final Law**
Apply core circuit principles to numerical problems.

RULES: -

- Participation limit – 2 members per team.
- Pen and paper only
- Logical steps must be clearly shown
- Accuracy and reasoning are crucial
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Mayukh Verse: Explore the Verses

“Level Up in Every Verse”

“The entire college campus transforms into a Multiverse Game, where each department represents a unique Verse.

Teams race across verses, completing tech and non-tech challenges to restore balance in the multiverse.”

VERSES:

- VERSE 1: Bowl game
- VERSE 2: Shadow Charades
- VERSE 3: Laser Maze
- VERSE 4: Solve the puzzle
- VERSE 5: Clay Moulding

RULES

- Each team must consist of 3–4 members.
- All team members must participate in every verse.
- Teams must complete rounds in the assigned sequence.
- Time limits will be strictly followed for each verse.
- Use of unfair means will lead to immediate disqualification.
- Judges’ decisions will be final.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Tech VR RoboVerse Challenge

“Program the Mind. Command the Machine.”

“Tech VR RoboVerse Challenge is a virtual robotics competition where participants program a robot to solve real-world inspired tasks in simulated environments. It tests logic building, automation skills, and adaptive decision-making.”

ROUNDS

- **Round 1 – Path Decode**
Navigate and interpret a structured challenge.
- **Round 2 – Smart Collection**
Execute precise actions to complete a task efficiently.
- **Round 3 – Adaptive Escape**
Respond to dynamic conditions using logic and sensors.

RULES

- Participation limit – 1-2 members per team.
- Laptop or PC required
- Virtual robotics platform will be used
- Logical accuracy and task completion matter
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Quantum Corsairs: Waves of Knowledge

“Where Physics Meets Imagination.”

“Quantum Corsairs is an individual physics challenge where logic, intuition, and creativity collide. Participants journey through conceptual and imaginative problem-solving to uncover the deeper laws that govern the universe.”

ROUNDS

- **Round 1: First Resonance**
Tackle foundational physics challenges.
- **Round 2: Fractured Theorem**
Restore missing links in core concepts.
- **Round 3: Final Manifestation**
Express a physics phenomenon through creativity and insight.

RULES

- Participation limit – 1 member only.
- Pen and paper allowed
- Participants may bring their own models (if any)
- Conceptual clarity and originality matter
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

FlowTech Frenzy

“Plan Smart. Flow Smarter.”

“FlowTech Frenzy is a team-based strategy challenge that explores the logic behind Smart Home Systems. Participants must think fast, plan smart, and build an efficient workflow under time pressure.”

ROUNDS

- **Round 1 – Quick Check**
Test your knowledge to gain an early advantage.
- **Round 2 – Build the Flow**
Strategically arrange elements to create a working system.

RULES

- Participation limit – 2 - 4 members per team.
- Game setup and materials will be provided
- Time-bound challenge
- Logical sequencing and teamwork are key
- Judges’ decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Alchemist Path

“Unlock the Science Within.”

“Alchemist Path is a chemistry-based team challenge where participants unlock the secrets of matter step by step. The event blends concepts, observation, and logic into a fun yet competitive journey.”

ROUNDS:

- **Round 1: Elemental Start**
Crack foundational chemistry clues.
- **Round 2: Spot & Identify**
Observe carefully to uncover what's hidden.
- **Round 3: Calculate Under Pressure**
Solve numerical challenges with precision.
- **Round 4: Final Cipher**
Decode chemistry-based clues to reach the end.

RULES:

- Participation limit – 2 - 4 members per team.
- All materials will be provided
- No physical experimentation involved
- Accuracy, speed, and teamwork matter
- Judges' decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

5G Arena

“Play the game. Feel the network.”

“A fast-paced technical gaming event where participants experience the impact of network performance through real-time mobile gameplay.”

ROUNDS:

- **Round 1:** Competitive mobile gameplay
- **Round 2:** Quick analysis based on gameplay experience

RULES:

- Participation limit – 2 members per team.
- Smartphones required
- Internet will be provided

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Master Chef

“Turn the Unexpected into Delicious.”

“Master Chef is a creative culinary challenge where teams craft innovative dishes without using fire or cooking appliances.”

ROUND

Teams start by creating a no-flame dish using the given ingredients. Midway, a surprise ingredient swap challenges them to adapt and rethink their idea. The final dish is presented to the judges who evaluate creativity, presentation, and adaptability.

RULES

- Team Size: 3 - 4 members.
- No fire, stove, induction, or electrical appliances are allowed.
- Teams must incorporate at least one swapped ingredient in the final dish.
- Hygiene and cleanliness must be maintained throughout the event.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Open Mic

“Unfiltered Talent. Unlimited Expression.”

“Open Mic is a vibrant platform which celebrates expression, confidence, and originality, turning the stage into a space for raw talent and powerful performances.”

ROUND

- **Round 1: Audition (Pre-Event)**
Auditions have already been conducted. Only shortlisted participants from the audition round are eligible to participate in the main event.
- **Round 2: Live Performance**
Shortlisted participants perform live on stage for a fixed time duration. Performances are evaluated based on creativity, presentation, and audience engagement.

RULES

- Only audition-qualified participants are allowed to perform.
- Each participant must adhere strictly to the time limit.
- Content must be appropriate and respectful.
- Any form of offensive or inappropriate content will lead to disqualification.
- Judges' decision will be final

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBPPeMQtB9>

Kaun Banega Crorepati?

“Answer Right. Rise Higher.”

“A fast-paced quiz competition inspired by Kaun Banega Crorepati, testing participants on general knowledge and technology-based questions.”

ROUND

Participants answer multiple-choice questions. Questions increase in difficulty level as the game progresses. Each correct answer earns points. Lifelines can be used strategically during the quiz.

RULES

- Participants register individually.
- Each question has a fixed time limit.
- Once an answer is locked, it cannot be changed.
- Lifelines can be used only once per participant.
- No external help or devices are allowed.
- Any form of cheating leads to immediate disqualification.
- Judges' decision will be final.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

GeoTalk UN Conference

“Discuss Today’s World, Today.”

“GeoTalk UN Conference is an open discussion forum where participants explore and debate current geopolitical issues shaping the world today.”

ROUND

Participants propose recent global or geopolitical topics for discussion. Selected topics are debated in a moderated format, allowing multiple viewpoints while ensuring balanced participation and smooth flow of discussion.

RULES

- Participants register individually.
- Topics must relate to current geopolitical or global affairs.
- All discussions will be moderated.
- Participants must respect differing opinions and maintain decorum.
- Participants should base arguments on facts and logical reasoning.
- The moderator may intervene to guide or conclude discussions.
- Judges’ decision will be final.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Pictionary

“Think Technical. Draw Creative.”

“Tech Pictionary adds a creative twist to the classic guessing game. One teammate turns technical terms into drawings, while the other races against time to guess the correct name. Quick thinking, clear visuals, and strong teamwork are the keys to scoring points.”

ROUND

Teams play in short rounds where one member draws a given technical term and the other teammate guesses it within the allotted time. Roles may rotate as the game progresses.

RULES

- Team size : 2 members.
- No letters, numbers, or verbal hints are allowed while drawing.
- Gestures, mouthing words, or pointing to objects is not allowed.
- Each round has a fixed time limit.
- Correct guesses within time earn points.
- The judges’ decision will be final.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Courtroom Clash

“The Court Is in Session.”

“Courtroom Clash puts participants in the heart of a legal battlefield where logic, clarity, and persuasion decide the verdict. It’s a true test of reasoning, presence of mind, and courtroom-style debate.”

ROUND

A law-based case scenario is revealed on the spot, after which teams are assigned positions **For** or **Against** the case. Teams present their arguments within set time limits, followed by rebuttals. Judges evaluate the strength, structure, and delivery of arguments before declaring the winner.

RULES

- Participation Limit: 2-3 members per team.
- Misconducts and Interruptions during the opposing team’s turn are not permitted.
- Professional conduct and respectful language must be maintained.
- Judges’ decision will be final and binding.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Treasure Hunt

“What You Seek Is Already Here.”

“Get ready for a thrilling race where every clue brings you closer to the prize. This Treasure Hunt blends riddles, logic, and teamwork as participants decode hints, complete tasks, and navigate through hidden locations.”

ROUNDS

- **Round 1 – Clue Chase**
Teams begin with an initial clue. Solving riddles or completing challenges unlocks the next hint.
- **Round 2 – Task Trials**
Teams face a mix of brain-teasing and skill-based tasks, which reveals further clues and moves them closer to the treasure.
- **Round 3 – The Final Mark**
The final puzzle points to the treasure’s location. Teams race and the first to claim the treasure wins.

RULES

- Participation Limit: 3 - 4 members per team.
- Teams must stay together throughout the event.
- Clues and tasks must be solved in the given sequence.
- Use of mobile phones or external help is not allowed
- Any form of cheating or rule violation may lead to disqualification.
- Judges’ decision will be final and binding.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Battle Symphony

“Lost in Translation, Found in Music.”

“Dive into the world of Bollywood with a lyrical twist! This event challenges participants to decode popular Hindi songs through English translations—and sometimes the other way around. With sharp listening skills, quick thinking, and a love for music, participants race through clues to uncover the final treasure.”

ROUNDS

- **Round 1: The Treasure Hunt** – Guess the Bollywood song from English-translated lyrics or vice-versa.
- **Round 2: The Final Duel** – A fast-paced finale where participants compete to claim the Bollywood treasure.

RULES

- Team size: 2 members.
- Lyrics will be provided in translated form (English ↔ Hindi).
- Only the song name (or as instructed) must be answered.
- Time limits will apply for each question or clue.
- Any form of misconduct may lead to disqualification.
- Judges’ decisions will be final and binding.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Shadow Brand: Identify in the Dark

“Sell the Story, Not the Product.”

“What if you had to sell a brand without revealing what it actually is? The Shadow Brand challenges teams to think beyond products and focus on emotion, identity, and storytelling. Through indirect pitching and strategic creativity, participants test how well a brand can stand on its own—before the truth is finally revealed.”

ROUNDS

- **Round 1 – The Hidden Identity**
Teams create a brand identity around a mystery product and emotion without revealing what the product actually is.
- **Round 2 – Blind Deal**
Teams pitch their brand to judges while keeping the product hidden, relying on storytelling and logic to convince investors.
- **Round 3 – The Final Reveal**
Teams disclose the product and explain how their branding choices connect to it, allowing judges to assess the match.

RULES

- Team Size: 2 members per team.
- Teams must not directly reveal or hint at the actual product before the final round.
- Indirect answers are allowed; explicit disclosure is prohibited until the reveal.
- Time limits must be strictly followed in each round.
- Judges’ questions must be addressed creatively within the constraints.
- Judges’ decision will be final and binding.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Mayukh AI Film Festival

“See the Campus Like Never Before.”

“Turn everyday campus moments into cinematic stories. This event challenges participants to see familiar spaces through a filmmaker’s lens—capturing emotion, movement, and atmosphere within just two minutes.”

Round:

Participants will create two-minute short cinematic videos capturing the beauty, energy, and moments of the college campus. The focus is on creativity, storytelling, and visual perspective, turning simple scenes into engaging movie-style visuals.

Rules:

- Participants register individually.
- The video duration must not exceed 2 minutes.
- Videos must be shot within the college campus only.
- All footage must be original and recorded by the participant.
- Any device (mobile/camera) may be used unless stated otherwise.
- Content must be appropriate and respectful of campus rules.
- Basic editing is allowed; excessive visual effects should be avoided.
- Submissions must be made before the given deadline.
- Judges’ decision will be final and binding.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Monopoly between Verses

“Build Calm. Survive Chaos.”

“Step into a reimagined Monopoly where each block is a Verse and every move shapes your journey across the multiverse. Build, expand, and adapt as the game evolves through phases—starting calm, growing strategic, and ending in controlled chaos.”

ROUNDS

- **Round 1 – Verse Entry**
Players roll the dice, move across the board, and claim unowned Verses while getting familiar with the gameplay.
- **Round 2 – Verse Expansion**
Owned Verses begin generating Energy Units. Players upgrade their Verses and unlock special verse-based abilities that influence gameplay.
- **Round 3 – Multiverse Chaos**
Players make their final moves before scores are calculated.

At the end of the session, performance across verse ownership, growth, and energy units management determines the winner.

RULES

- Each board accommodates 3–4 players.
- Each game session lasts approximately 20–25 minutes.
- Any form of rule manipulation or unfair play is prohibited.
- Judges’ decision will be final and binding.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Trial of the Pandavas

“An Epic Challenge Unfolds.”

“Trial of the Pandavas is a unique team-based challenge inspired by the legendary characters of the Mahabharata, where strategy, balance, and teamwork matter more than raw skill alone. Adapt wisely—because dharma is not always straightforward.”

ROUND

The event unfolds as a single continuous trial. Teams assign roles before entering, after which each member faces a different challenge, revealed on the spot.

RULES

- Participation Limit: 5 members per team.
- Teams must assign five distinct roles **before** the event begins.
- Role assignments cannot be changed once the trial starts.
- Teams must complete all assigned role challenges within the overall time limit.
- Unfair means or external assistance is prohibited.
- Judges’ decision will be final.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Takeshi's Castle

“Only the Sharp Make It Through.”

“Takeshi’s Castle is a high-energy outdoor team event inspired by classic obstacle-based challenges. Teams compete across multiple rounds that test coordination, communication, agility, and strategy.”

ROUNDS

- **Round 1 - Floor Is Lava**
Teams must navigate the arena without direct contact with the ground.
- **Round 2 - Blind Maze Run (Pair Challenge)**
One player’s vision is restricted while their teammate guides them through a path with obstacles.
- **Round 3 – Chaos Obstacle Relay**
Each team completes a relay of obstacles including zigzag runs, etc. All members must finish their assigned obstacles.
- **Round 4 - Balloon Defense Dash (Final Round)**
One player per team must protect your balloon and pop others’. The last team standing wins.

RULES

- Team Size: 4-5 members.
- Instructions given by the event coordinators before each round must be followed strictly.
- Time penalties or restarts may be imposed for rule violations during a round.
- Teams must complete a round as instructed to qualify for the next one.
- The decisions of the judges and event coordinators will be final and binding.

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

E-GAME: BGMI

“Survive. Shoot. Conquer.”

“An action-packed BGMI gaming event where participants compete in intense matches to showcase their strategy, teamwork, and reflexes. This event brings the thrill of e-sports to Mayukh, creating an electrifying atmosphere.”

ROUND

The event is conducted in match-based rounds where registered teams compete against each other in BGMI lobbies. Teams earn points through eliminations and by winning matches. After all scheduled matches are completed, total points are calculated to determine the winners.

RULES

- Participants must use their own smartphones with BGMI installed and updated.
- Use of emulators, hacks, or any unfair means is strictly prohibited.
- Internet connectivity must be arranged by the participants themselves.
- Teams must join the match lobby on time; late entries may be disqualified.
- Scoring System: Each kill = 1 point
Match Winner = 10 points

CLICK HERE TO REGISTER: - <https://forms.gle/eNwWAPWBpEmQdtB9>

Mayukh Sports Verse

“Unleash Your Inner Athlete in the Ultimate Test of Skill & Stamina!”

“This is a multi-disciplinary sports competition where participants test their endurance, coordination, precision, and agility across five diverse physical challenges. The event combines speed, balance, teamwork, and accuracy to determine the ultimate all-round performer.”

ROUNDS

- Round 1: Relay Race
- Round 2: 3-Leg Race
- Round 3: Sack Race
- Round 4: Cricket Shot (Precision Challenge)
- Round 5: Slow Cycling

RULES

- Follow all safety instructions and event guidelines.
- Any misconduct or unfair practice will lead to disqualification.
- Race results are based on finishing position and rule compliance.
- In Slow Cycling, touching the ground results in elimination for that attempt.
- Judges' decision will be final.

The “Alternative Ending” Slam X Thehrav

“Where The Story Ends, You Begin”

“The Alternative Ending Slam is a storytelling and poetry competition based on parallel universes. Participants choose a well-known historical or pop-culture event and present two alternate endings (original stories not allowed).

During the performance, a Wormhole pause (20–30 seconds) signals a tonal shift, after which the participant must continue seamlessly with a second alternate ending, showcasing creativity, improvisation, and smooth transitions.”

ROUNDS:

Round 1: Performance round (3–4 minutes) where participants present two alternate endings of a chosen event, with a 20–30 second “Wormhole” pause to shift tone and continue seamlessly.

RULES:

- Choose a well-known story and present an alternate ending.
- Perform for 3–4 minutes.
- Pause at the bell (20–30 sec Wormhole).
- Resume with a shifted tone and deliver a second alternate ending.

Samarthya Event

“Enter the Upside Down . Survive the Curse. Conquer Hawkins.”

“Team Samarthya presents a Stranger Things–themed multi-round elimination event inspired by the Upside Down. The event combines music-based survival games, teamwork challenges, coding puzzles, and a life-sized board game to test coordination, strategy, creativity, and presence of mind.”

ROUNDS

- **Round 1 – Vecna’s Curse & Shape the Strange:** Music-based survival and shape-forming elimination challenges.
- **Round 2 – Blindfold Build Challenge:** Teams guide blindfolded members to form assigned shapes using limited instructions.
- **Round 3 – The Upside Down:** Upside-down drawing + code-breaking (binary/mirror codes) challenge.
- **Round 4 – Run for Hawkins:** Life-sized themed board game with portals, traps, and task tiles.

RULES

- Participants must follow elimination rules in each round.
- Any misconduct or unsafe behavior leads to disqualification.
- Team instructions in Round 2 are limited as specified.
- Decisions of judges and organizing committee are final.

Client Counselling

“Vakeel-e-SAMWAD – Where Advocacy Meets Empathy”

“The Client Counselling Competition “Vakeel-e-Samwad” is organized by the ADR Club Samwad to enhance the practical competencies of law students through simulated client-lawyer interactions. The competition focuses on developing interviewing skills, legal analysis, professional ethics, and advisory capabilities essential for effective legal practice.”

ROUNDS:

The competition consists of one comprehensive round divided into:

- **Client-Consultation Session:** Participants interact with the assigned client, extract relevant facts, analyze issues, and provide legal advice.
- **Post-Consultation Session:** Participants analyze the legal issues discussed, justify their recommendations, explore alternative approaches, and respond to judges’ questions.

RULES:

- Each team shall consist of not more than two participants.
- Participants must adhere to formal dress code throughout the competition.
- Total time allotted is 20 minutes (maximum 5 minutes for post-consultation).
- Professional conduct, confidentiality, and ethical standards must be maintained.
- The decision of the judges shall be final and binding.

The Multiverse Round Table

“Every story has more than one truth.”

“Step into different verses of the Mayukh Multiverse and put your thinking to the test. This event challenges participants to **debate, reason, and reimagine stories** by looking at morality from multiple perspectives.”

ROUNDS

Round 1: Dual Reality Defense

View a situation from two opposing perspectives and defend your stance using logic, context, and creativity.

Round 2: Altered Ending Challenge

Reimagine a familiar story under a changed condition and explore how it reshapes the narrative.

RULES

- Participants must follow the assigned theme or verse for each round.
- Arguments and ideas should remain relevant and logical.
- Respectful communication is mandatory at all times.
- Time limits must be strictly followed.

Technoverse Grand Finale

“Where Innovation Meets the Spotlight.”

“Technoverse Grand Finale is the culmination of a 6-month innovation journey by ACM Student Chapter, featuring the top 10–12 battle-tested teams. Unlike regular presentations, this finale focuses on live product demonstration, audience engagement, and real-time validation of working prototypes.”

ROUNDS:

Part A – Live Crash Test:

No PPT for the first 2 minutes. Teams must demonstrate their product live to judges/audience.

Part B – Investment Game:

Audience members invest “Techno-Dollars” in their favorite project. Highest investment wins People’s Choice.

RULES

Live demo is mandatory before pitching.

Teams must present functional prototypes only.

Time limits must be strictly followed.

Judges’ and organizing committee’s decisions will be final.

Photo Montage

“Turn waste into wonder and create your own Multiverse masterpiece.”

“Photo Montage is a creative art challenge where participants transform waste materials into a meaningful visual story. Using an A3 sheet as their canvas, they craft a cohesive design inspired by the Multiverse theme, blending sustainability with imagination.”

ROUNDS

- **Creative Montage :**

Design a complete artwork using waste materials and enhance it with doodling in white spaces to reflect the theme.

RULES

- Participation limit – Individual participation only
- Participants must bring their own A3 sheet (mandatory)
- Waste materials like toffee wrappers, chips packets, newspapers, etc., are allowed
- Doodling is permitted in white spaces as per the theme
- Participants must bring their own stationary (glue, sketch pens, colours, scissors)
- No extra time will be provided
- Judges’ decision will be final

Stress Interview

“Stay Calm. Stay Sharp. Stay in Control.”

“Stress Interview is a high-pressure challenge where participants face rapid and situation-based questions designed to test composure, communication, and decision-making. The intensity increases each round, and only those who remain confident and composed till the end succeed.”

ROUNDS

Round 1 – Warm-Up: Basic interview and situational questions.

Round 2 – Pressure Zone: Increased difficulty with time-bound questioning.

Round 3 – The Breaking Point: High-intensity questioning to test calmness and logic under pressure.

RULES

- Participants must answer within the given time limit.
- Professional conduct and respectful communication are mandatory.
- Judges’ decision will be final and binding.
